

# ApricityCare™

## Medical Expertise in Your Pocket

### A Digital Platform for You to Partner with Your Clinicians During Your Cancer Treatment

ApricityCare is an easy App to use. By answering a few simple questions once a day, you will keep your clinical team informed about your health status and symptoms so they can detect any complications early, and continually optimize your treatment.

You'll gain peace of mind — knowing that your team is not only reviewing your status every day, but also integrating your information with the latest medical advances to optimize your treatment with expert knowledge.

#### How to Get Started

Share this information with your doctor and ask them to sign up for ApricityCare. If you wish to learn more contact us: [contact@apricityhealth.com](mailto:contact@apricityhealth.com).

ApricityCare connects you to a powerful digital platform to help your clinical team optimally monitor & manage your cancer treatment.

ApricityCare was developed by a team of renowned scientists who are passionate about improving cancer care for all patients.
